Websites we build for Thai businesses

Our core job is building your website: on your own domain, working on phones and desktops. SEO is included in the plan too. Here is one example from each plan.

Basic plan ฿9,500 / year

A complete one-page business website, with SEO through the year

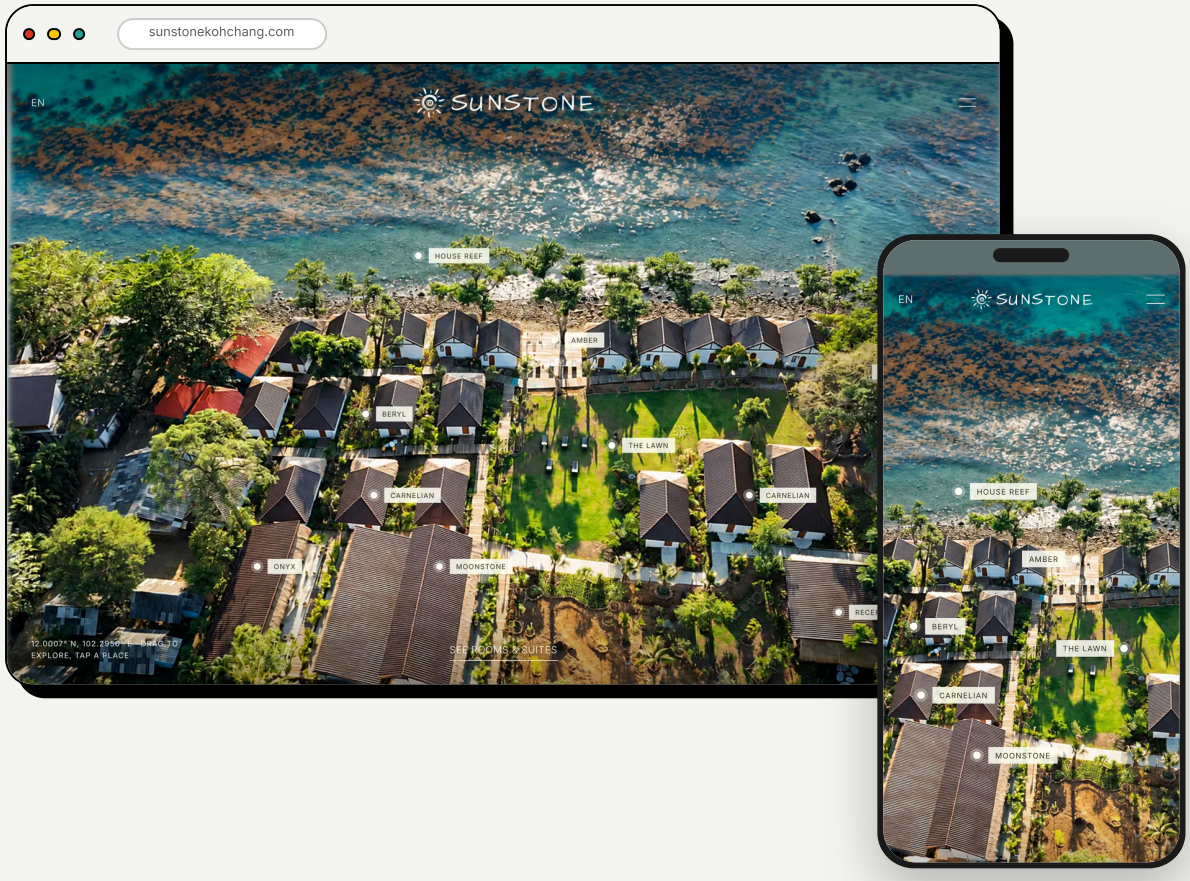

Phuhiran Drinking Water

Drinking water factory, Ubon Ratchathani

A GMP-standard factory that produces and sells clean drinking water, bottles under customers' own brands, sells retail and wholesale, and delivers.

- A website on the client's own domain, in Thai and English
- One page with everything: about, six products and services, gallery, ordering steps
- Phone, email, opening hours and a map to the factory
- Works well on phones

Design and features shaped to the business, such as more pages or booking

Sunstone Koh Chang

Seafront resort, Koh Chang, Trat

A seafront resort on Koh Chang's west coast near Lonely Beach, with bungalows, villas and loft rooms, and the sunset visible from the resort itself.

- A design made for the resort's own brand
- Pages for six room types, experiences, activities, celebrations and FAQ
- Direct online booking and an availability check form
- Phone, WhatsApp, LINE, email and social links
